## **DETAILED ACTION**

### ***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on November 4, 2004 has been entered.

Claims 1 and 5 have been amended.

Claims 1-7 are pending.

### ***Reasons for Allowance***

2. Claims 1-7 are allowed.

3. The following is an examiner's statement of reasons for allowance:

The closest prior art of record is Goodwin et al. ("Closing the Loop on Loyalty"). Goodwin discloses a Customer Value Management system that identifies problem areas and techniques for improving customer loyalty. Business strategies, customer relations, available technology, customer satisfaction (which includes marketing, sales, and service), and other aspects of customer value and loyalty are assessed. However, Goodwin does not disclose all of the details recited in the claimed invention, as persuasively argued by Applicant on pages 4-7 of Applicant's response filed March 30,

Art Unit: 3623

2004. In conclusion, claims 1-7 are deemed to be allowable over the prior art of record because the prior art does not disclose or suggest the combination of all of the limitations recited in independent claim 1 in a single unified loyalty suite business method.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Watarai et al. (JP 200187690 A) -- Discloses a method for preparing a customer's value map to assess the value of a customer in a given market.
